

Kingdom Stewardship

Recognize what you have. Discern where it can serve.

A 30-minute exercise for intentional stewardship and multiplying impact.

MY 90-DAY SEASON: _____

DATE: _____

1

RECOGNIZE

Name a resource or opportunity in each area and who it could serve.

AREA	WHAT I HAVE	WHO / WHAT IT COULD SERVE
Time	_____	_____
Talents / experience	_____	_____
Treasure / resources	_____	_____
Relationships	_____	_____
Influence / responsibility	_____	_____

2

DISCERN

Where is your attention most needed in this season?

Which people or responsibilities matter most right now?

Consider Scripture, prayer, wise counsel, commitments, and actual needs.

Reallocate & Multiply

Make room for what matters. Invest so someone else can grow.

3

REALLOCATE

Multiplication often requires releasing something, not just adding more.

KEEP | What is already fruitful and aligned?

REDUCE | What could be simplified, delegated, or stopped?

START | Where will you redirect that capacity?

4

MULTIPLY

Choose one outcome that strengthens another person or group.

WHO | Who will I intentionally equip?

CAPABILITY | What will they become able to do?

FRUIT | How will their growth benefit or equip others?

Commit & Review

Turn discernment into a 90-day plan with visible next steps.

5

COMMIT

Choose a practical goal. Focus on growth, not merely completed activities.

MY MULTIPLICATION COMMITMENT | By day 90, I will...
